We design each wedding with personal touch and love.

Whether you wish a romantic yet intimate wedding or a big family wedding, our assistance in planning all the details will make it smooth, stress less and of course unforgettable as you deserve
Enjoy it!

Symbolic weddings are suggested to all the ones who wish only to exchange their personal and intimate vows and have no time to produce documents required for the legalization of the wedding.

You can have a symbolic ceremony also if you decide to legalize your union in your own Country.

While Religious and Civil weddings can be celebrated only in the Church or in the town Hall properties, a Symbolic Wedding can be celebrated every where you like: on a beach, on a terrace overlooking the sea, in a private Villa, in a chestnuts wood, in the ruins of an old Basilica or even on a tunny nets boat...

Your fantasy can fly on the Amalfi Coast and find the perfect place to unit your two hearts for a life time.

Our Celebrants are multilingual, so no translator is needed and everything will be more simple.

Because of the wide choice of possible locations, our Symbolic Wedding's Packages do not include the fee for the location nor the transfer service (if required) to reach it. All these will be quoted upon request.
